ACADEMIC PROJECTS

MittiSafar — Rural Tourism & Employment Platform

April 2025

Tech Stack: PHP, MySQL, HTML, CSS, JavaScript, Bootstrap, Email OTP, Payment Gateway

- Developed a full-featured web platform connecting travelers with rural hosts to promote authentic village experiences and generate local employment opportunities.
- Implemented secure Email OTP authentication, host registration workflows, booking management, and online payment gateway integration.
- Designed a fully responsive user interface and optimized database queries for efficient booking and user management at scale.

Aakar Creatives — Online Gifting Website

January 2026

Tech Stack: PHP, HTML, CSS, JavaScript, Bootstrap

- Developed and deployed a gifting platform showcasing customized products including bouquets, photo frames, and gift boxes.
- Built a responsive product catalog and customer inquiry system to improve engagement and streamline order requests.
- Successfully hosted and maintained the website on InfinityFree, establishing a professional online presence for the business.
